PROFESSIONAL SUMMARY

Driven data enthusiast with a solid background in SQL, Excel, and Power BI. As a recent graduate of an online data science certification program, I've honed my abilities in data collection, processing, analysis, and creating compelling visualizations and dashboards. I am excited to leverage my analytical skills and passion for data science to tackle real-world challenges. I am seeking an entry-level Business Analyst position to embark on my professional journey and contribute meaningfully to an innovative organization.
