## PROFESSIONAL SUMMARY

---

Motivated and results-driven individual seeking a challenging role in Data Science and Analytics to apply my technical skills and drive business growth. Strong foundation in computer science with a practical, hands-on approach to problem-solving.

## EDUCATION

---

<b>Bachelor of Engineering</b> (Computer Science) Kalinga Institute of Industrial technology,bhubaneswar	2020 - 2024 Grade: 8.17/10.0
<b>Intermediate (Class XII)</b> Divine Child High School,Surat	2019 - 2020 Grade: 65.6%
<b>Matriculation (Class X)</b> Kendriya Vidyalaya no-1,Surat	2017 - 2018 Grade: 82.4%

## PROJECTS

---

**SQL: Chinook Music Store Project** ( [Github](#) ) January 2025

- Conducted in-depth analysis of music record sales data to identify key trends and patterns within the physical music market.
- Utilized SQL Workbench to extract and manipulate data, formulating complex queries to retrieve relevant sales information.
- Generated insightful visualizations and graphs using Excel to effectively communicate data findings and support strategic recommendations.
- Provided actionable insights derived from data analysis, aimed at optimizing company strategy within the physical music sales sector.
- Demonstrated proficiency in data analysis, SQL querying, and data visualization tools to deliver data-driven business recommendations.

**Zomato Restaurants Expansion** ( [Github](#) ) November 2024

- Performed comprehensive data analysis to inform strategic restaurant expansion plans for Zomato, leveraging market trends and consumer preference data.
- Utilized advanced Excel functions, including lookups and pivot tables, to extract, manipulate, and analyze large datasets related to restaurant performance and market dynamics.
- Developed interactive and visually compelling dashboards within Excel to effectively communicate key findings and insights to stakeholders.
- Evaluated key performance indicators and identified opportunities for growth and optimization within Zomato's restaurant network.
- Demonstrated proficiency in data analysis, dashboard creation, and advanced Excel functions to deliver actionable business intelligence.

## CERTIFICATIONS

---

**Professional Certificate in Data Science** Newton School October 2024

- Currently pursuing a comprehensive Newton 's Data Science certification program encompassing data analysis, machine learning, statistical modeling, and data visualization.
- Gained proficiency in SQL, Power BI, spreadsheet applications, and statistical methodologies to effectively harness the power of data for informed decision-making.
- Acquiring practical skills to drive data-driven decisions, empowering future endeavors in the dynamic and rewarding realm of data science.

## SKILLS

---

**Computer Languages:** Python, SQL, C++, HTML, CSS, SQL, Python

**Software Packages:** Excel, Excel
