PROFESSIONAL SUMMARY

MBA (Finance) student and aspiring Analyst who enjoys working with data to understand business trends and insights. Experienced in Excel, SQL, and basic visualization through projects, and motivated to support data-driven decision with accurate analysis.

EDUCATION

Master of Business Administration (Finance)
SRM University Sikkim

2023 - 2025
Grade: 6.2/10.0

PROJECTS

AstroSage Operational Analysis ([Github](#)) ([Demo](#))

August 2025

Objective

* To analyze AstroSage's operational and customer data and evaluate how a Rs. 1 Crore investment could be optimally allocated to improve operational efficiency, customer satisfaction and profitability.

Findings / Insights

* Observed a decline in active user driven by increased call and chat drop-offs.

* Identified low customer retention linked to reduced customer satisfaction.

* Found That shorter average call durations negatively impacted gross profit and overall revenue performance.

* Data Cleaning: Filters, Find

Replace, Attribute Reduction.

* Conditional Formatting: VLOOKUP, COUNT, COUNTIFS, SUMIFS, AVERAGEIFS

* Handling Data Inconsistences: Text to Column, DATE

TIME functions

* Data Visualization: Charts, Slicers, Filters

CERTIFICATIONS

Spreadscheet Newton School ([Link](#))

July 2025

The program helped me strengthen my data analysis and reporting skills , using wide range of advanced excel tools and functions.

* Lookup

Reference Functions: VLOOKUP, XLOOKUP, HLOOKUP, INDEX, MATCH

* Logical

Conditional Formatting: IF, IFS, AND , OR, IFERROR, IFNA

*Math

Statistical Functions: SUMIF, COUNTIFS, AVERAGEIFS

*Array Functions: FILTER, SORT, UNIQUE, SEQUENCE, TRANSPOSE, Dynamic Arrays

* Data Tools: Data Validation, Flash Fill, Remove, Duplicates, Text to Column, What-if analysis

* Text Functions: CONCAT, TEXTJOIN, NOW, DATEDIF, EDATE, NETWORKDAYS

* PivotTables

PivotCharts: Summarization, Filtering, Grouping, Slicer

Timeline

*Charts

Dashboards: Interactive dashboards with slicers
font control

SKILLS

Computer Languages: SQL

Data Tools: Power BI

Software Packages: Excel

Soft Skills: Teamwork, Communication Skills

Others: Spreadsheet, Analytics
