Malnad College of Engineering	Grade: 8.62/10.0
Intermediate (Class XII)	2016 - 2017
M Krishna PU college	Grade: 88.0%
Matriculation (Class X)	2014 - 2015
C.K.S english school	Grade: 8.6/10.0

EXPERIENCE

Associate Consultant — Data Analytics Infosys July 2022 - Present
Bengaluru, Bangalore, Karnataka, IND

- Served as core **Data Analyst & Power BI Developer** for BP's B2C pricing team, delivering data-driven solutions to optimize global retail fuel operations.
- Managed and analyzed data workflows for the **Polaris application**, which calculates fuel prices across **9 international markets** (Germany, Australia, New Zealand, Spain, Portugal, Austria, UK, Poland).
- Acted as a **Business Analyst**, translating pricing strategies into actionable insights by bridging technical teams and stakeholders.
- Designed and optimized **Power BI dashboards**, improving reporting accuracy and reducing manual reconciliation efforts by **30%**.
- Conducted rigorous **data validation & quality checks**, ensuring accuracy of B2C pricing data and reporting outputs.
- Performed **root cause analysis (RCA)** to troubleshoot production incidents across SAP, Polaris, and integrated pricing systems.
- Analyzed data flows, logs, and timestamps to identify anomalies, ensuring accurate synchronization of global fuel prices.
- Collaborated with cross-functional teams to implement system improvements, enhancing reliability and reducing recurring incidents.
