PROFESSIONAL SUMMARY

Passionate data enthusiast with a strong foundation in SQL, Excel, and Power BI. As a recent graduate of an online data analyst certification program, I have honed my skills in data collection, processing, analysis, and creating compelling visualizations and dashboards. I am eager to apply my analytical insights and passion for data to real-world challenges. I am seeking an entry-level position as a data analyst where I can begin my professional journey and make meaningful contributions to an innovative organization.
