PROFESSIONAL SUMMARY

Passionate data enthusiast and recent Computer Engineering graduate with a strong foundation in SQL, Excel, Power BI, and Python. Hands-on experience in data collection, cleaning, analysis, and creating insightful dashboards and visualizations to support data-driven decision-making. Highly motivated to solve real-world business problems using analytical thinking and storytelling with data. Seeking an entry-level Data Analyst or Data Scientist role in a growth-oriented organization where I can contribute effectively and continue to learn.

EDUCATION

Bachelor of Engineering (Computer Science) NBN Sinhgad Technical Institutes Campus, Pune	2021 - 2025 Grade: 9.21/10.0
Intermediate (Class XII) Dayanand Jr. Science College, Latur	2019 - 2020 Grade: 66.31%
Matriculation (Class X) Shri Keshavraj Vidyalaya, Latur	2016 - 2017 Grade: 91.0%

PROJECTS

Chinook Music Store Sales Analysis (SQL) November 2025

- Performed end-to-end SQL analysis on Chinook music sales data using **JOINS, GROUP BY, CTEs, and window functions** to analyze customer behavior and revenue trends.
- Analyzed **9+ relational tables** to evaluate sales performance by country, genre, artist, and album.
- Calculated key business metrics including **revenue distribution, churn rate, purchase frequency, and customer lifetime value (CLV)**.
- Conducted **genre and artist performance analysis**, identifying Rock as the dominant revenue-generating category.
- Implemented **product affinity and customer segmentation analysis** to uncover cross-selling opportunities and support data-driven marketing decisions.

Zomato Restaurants Expansion Analysis (Excel) ([Github](#)) September 2025

- Conducted end-to-end data analysis on **9,500+ restaurants across 15 countries using Excel**.
- Performed **data cleaning and preparation** to ensure accuracy and consistency for analysis.
- Used **Pivot Tables and filters** to analyze restaurant distribution, ratings, and competition levels.
- Identified **low-competition, high-rating countries and cities** to support market expansion decisions.
- Created **business-focused visualizations and summaries** to communicate insights effectively.

CERTIFICATIONS

Newton School – Data Science Certification (Ongoing) Newton School July 2025

- Currently pursuing a comprehensive Data Science certification program at Newton School.
- Gained strong practical knowledge of **Excel, SQL, and Power BI** for data analysis and visualization.
- Worked on hands-on assignments involving data cleaning, querying, and dashboard creation.
- Currently learning **Python** for data analysis and problem-solving.

Microsoft Azure Fundamentals Microsoft Pvt Ltd. ([Link](#)) February 2024

AZ-900 is a beginner level Certification provided by Microsoft. It covers basics of Cloud Computing and the services provided by Microsoft Azure.

SKILLS

Computer Languages: Python

Databases & Data Tools: Spreadsheet, Power BI, Excel, MySQL

Domain & Business Skills: Analytics

EXTRA-CURRICULAR ACTIVITIES

POR : Class Representative

During second year of my engineering, I served as the class representative coordinating several activities within my department of Computer Engineering at NBNSTIC, Pune.
